

## Adjunct Clinical Faculty, Physician Champion

The Physician Champion program was developed in light of requests from preceptors on how to give back to students. Through this program, core and elective rotation Adjunct Clinical Faculty (ACF) volunteer their time as preceptors yet still get recognized for their major contribution to Pacific Northwest University College of Osteopathic Medicine. This program not only helps us keep student tuition competitive, but it also offers those who elect to be Physician Champions some well-deserved recognition for their generous contributions to PNWU. Your commitment as a preceptor is a tremendous benefit to all of our students and the University – Thank You!

### Who is a Physician Champion?

Physician Champions are ACF who teach clinical core rotations and waive stipend payment and/or teach clinical elective rotations.
