

## Addendum for Student Catalog 2013-2014

This addendum contains supplements and additions to the Pacific Northwest University of Health Sciences Student Catalog 2013-2014. It is not the intent of this addendum to replace the current Student Catalog but only to supplement. The information herein is not intended to alter any sections of the Student Catalog that are not specifically addressed herein. All Student Catalog sections not addressed in the addendum shall remain in full force and effect until further notice. Unless otherwise noted, all changes contained in this addendum are effective July 1, 2013.

**Purpose of the Addendum:** The purpose of this addendum is to report significant supplements and updates to the Student Catalog 2013-2014. The current Student Catalog has been marked-up as necessary to direct readers to this addendum.

### Remediation, Revise page 52

Paragraph 2, to read as follows:

Students must remediate all failures and complete all incompletes prior to matriculation to the next year. The remediated grade will be recorded on the student's transcript as pass or fail. The grade recorded from the remediated course in no case can be greater than a 70% which will be used to determine the student's class ranking.

#### 2. Summer Remediation, to read as follows:

Upon recommendation of the P&M Committee, failures may be removed by passing a remedial course. In all instances, the remediated grade will be recorded on the student's transcript. The grade recorded from the remediated course in no case can be greater than a 70%, which will be the grade used to determine the student's class ranking for the class in question. Students who fail the remedial course will be referred back to the P&M Committee for a solution which may include repeat of the academic year or dismissal.

## Course Information

Revise page 70, add:

### Board Exam Preparation – CLIN 604

This course will introduce students to the basic processes involved with registering and preparing for COMLEX Level 1. Live question-and-answer information sessions are given in the fall term along with web-based support and direction. Spring term activities include practice tests and instructional sessions on board review calendar building and study strategies. Lists and access to board resources are provided as well as question banks. Successful completion of the course requires completion of the COMSAE.
