

2023-24 OMS4 Financial Aid Budget Revision Request for Rotation Expenses (Refer to the PNWU Clinical Rotation Resources for rotation requirements and scheduling)

The table below is to help you determine if your expenses for clinical rotations travel exceed the PNWU estimate (\$4273). All OMS4 students already have an extra \$4273 built into their cost of attendance for clinical rotations travel, so we can only consider costs exceeding that estimate. **Do not include expenses that have been covered by PNWU**, such as the housing allowance provided by PNWU for core rotations occurring more than 50 miles or more than one hour driving distance from where didactics are held **OR** the gas stipend that may be available should a student decide to drive to/from the rotation site that is 50 miles one way or one hour driving distance from didactics (see *SharePoint/Clinical Rotation Resources/Site Pages/Reimbursement Requests* for more information). Receipts or online booking confirmations are REQUIRED for airfare, lodging/housing, car rental, parking costs, taxi/subway, etc. There is no reimbursement for meals.

DO NOT INCLUDE ANY EXPENSES FOR RESIDENCY INTERVIEWS. For assistance with those expenses, look into the Sallie Mae® Medical Residency and Relocation Loan, designed to meet OMS4 R&R costs.

Course #	Core Rotation	Location		Start Date	End Date	Related Expenses						
			# of Weeks			Air Fare Cost	Mileage Miles driven	to Rotati # days	on Site*	Car Rental Cost	Extra Housing Cost	Other (itemize)
							one way	per week	# of weeks			

^{*} If you wish to have your mileage considered, you must provide a printout of an online map showing the starting address and the ending address, along with miles driven. Keep in mind that according to SharePoint Reimbursement Requests, a "gas stipend may be available should a student decide to drive to/from the rotation site that is 50 miles one way or one hour driving distance from didactics." PNWU reimbursement is a MUCH better option for you to investigate rather than taking out additional loan.
